Health Support Bargaining Update August 16, 2022

In the early hours today, August 16, 2022 the Health Support Bargaining Unit (Unifor, NSGEU and CUPE) reached a tentative agreement that they are recommending for acceptance to the membership.

Reaching this tentative agreement follows a lengthy process of bargaining for 9 days, which had an extra layer of challenge with further waves of Covid-19 and restrictions. Following three days of conciliation, being July 19, July 28 and August 15 and with the assistance of the Conciliation Officer, the Unions and Employers were able to reach this tentative agreement.

The package includes a wage increase and language improvements.

The Health Support Negotiations Committee appreciates the patience and support you have shown throughout this process. Information regarding Town Hall meetings and ratification votes will be announced as soon as possible.
